

Deception of Theistic Evolution and the Integrity of Scripture

“And I set my mind to seek and explore by wisdom concerning all that has been done under heaven.”

Ecclesiastes 1:13

Introduction

(Gen 15:5, Psalms 147:4-5, Psalm 19:1, Hebrews 1:3, 2 Timothy 4:3, Exodus 33:11, 2 Timothy 3:16-17, Genesis 1:1)

Cosmology: The systematic study of the _____ and _____

“The genus Homo is exceptional among all higher organisms in that it has undergone a phenomenally rapid evolution in terms of progress toward a new adaptive complex, and toward a tremendously increased dominance over its environment, without the accompaniment of any permanent adaptive radiation. This consideration of the biological evolution of mankind can be concluded by some speculations about the kind of forces that guided it.”

“The reasonable view was to believe in spontaneous generation. The only alternative is to believe in a single primary act of supernatural creation. There is no third position...One has to contemplate the magnitude of the task to concede that the spontaneous generation of a living organism is impossible. But, here we are as a result, I believe, of spontaneous generation.”
