# 1. The Interpretation

“ The literal, grammatical-historical method of interpretation insists on following the normal rules for interpreting all literature, including the priority of context, *the normal meaning of words and figures of speech, the rules of grammar and syntax, and the historical context in which the book or passage was written.* Although some things in Scripture are hard to understand, it is sufficiently clear so that when we diligently apply these principles, we are able to discover its meaning especially in those matters that pertain to salvation.”

<sup>14</sup>Therefore, beloved, since you look for these things, be diligent to be found by Him in peace, spotless and blameless,

<sup>15</sup>and regard the patience of our Lord as salvation.....<sup>1</sup>

<sup>7</sup>You therefore, beloved, knowing this beforehand, be on your guard so that you are not carried away by the error of unprincipled men and fall from your own steadfastness,

<sup>18</sup>but grow in the grace and knowledge of our Lord and Savior Jesus Christ. To Him be the glory, both now and to the day of eternity. Amen.
